DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

This communication is to notify applicant that the Examiner received a forwarded email on March 18, 2004 in which applicant wrote to a third party, not of record, concerning matters relating to applicant's application pending before the Office. Since the third party was not applicant's representative on record, examiner could not reply to such email.

The previous Office letter indicated that applicant's amendment filed was Non-compliant; and applicant was given one month to respond to the Office letter. Once the one month period has passed, applicant still has the option of buying extensions of time up to the maximum statutory period of six months from the date of the mailing of the notice of Non-compliance (February 6, 2004). Consequently, applicant can file another amendment in compliant format (see previous Office letter regarding responses to examiner's Office actions) along with the required fees for the extensions of time.

Examiner advises applicant to review the information regarding buying extensions of time in the Information regarding procedures in responding to an Examiner's Office Action in the previous Office Action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Korie H. Chan whose telephone number is 703-305-8079. The examiner can normally be reached on Monday-Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Leslie Braun can be reached on 703-308-2156. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system.
